

# HUMMINBIRD®

## Transducer Insert

### Thank You!

Thank you for choosing Humminbird®, the #1 name in fishfinders. Humminbird® has built its reputation by designing and manufacturing top-quality, thoroughly reliable marine equipment. Your Humminbird® is designed for trouble-free use in even the harshest marine environment.

### Installing the Transducer Insert

Use the following instructions to install the included Transducer Insert.

- 1. Unscrew the transducer mount arms to loosen the mount space.**

- 2. Push the Transducer Insert up through the mount space until it is fully inserted. If the space is not easily accessible, lift up the transducer.**

- 3. Once the Transducer Insert is fully installed, reposition the transducer and tighten the mount arms. Adjust the transducer for on-the-water operation as needed (see your transducer installation guide for details).**

### Contact Humminbird®
