- AUTOBRIGHT TECHNOLOGY**
Automatically optimizes the light transmission of the lens for maximum clarity in bright conditions. No reflections or glare from water, sand, snow or sky. No blinking, guessing and eye strain. Simply a perfect image.
- EYE PROTECTION**
Steiner's exclusive Autobright sunlight-adaptive lens technology automatically adjusts brightness to ensure the best view in any lighting situation. Whether the sun is just below the horizon, shining directly above us, or bouncing off water or snow from all angles, BluHorizons are designed to capture the right amount of light and reduce glare for optimal vision.
- FAST-CLOSE-FOCUS**
Central focusing wheel requires minimal, stepless rotation for quick absolute sharpness from close-up to infinity- comfortable, easy to use.
- XL-FOCUSING WHEEL** allows easy and precise adjustments of the sharpness in every situation.
- EXTREME RUGGEDNESS**
Due to durable housing, waterproofness and functionality in the temperature range from -20 °C to +70 °C. Non-slip NBR Longlife rubber armoring resists oil, acid and weather influences.
- LIGHTWEIGHT ROOF PRISM DESIGN**
Has less bulk to fit into your pack and stay out of the way while observing.
- HIGH-END ACCESSORIES** with case and comfortable carrying-strap.
