

ALL-NEW 100-Hour Service Kit

In the age where maintenance is paramount to the longevity of your motor, we are excited to announce an addition to our Maintenance Kit lineup—the all-new 100-Hour Service Kits. With the introduction of these kits, Yamaha helps to fulfill our commitment to our customer base to consistently improve our product offering in an ever-evolving marine industry.

These kits were designed to meet the demands of some of our most popular engines ranging from 115 horsepower to 300 horsepower. Within the lineup there are four kits:

- 6EK-W006A-00-00
- 63P-W006A-00-00
- 6DA-W006A-00-00
- 6CE-W006A-00-00

Please refer to the fitment chart below for details on each part number.

Service Kit	Model	Displacement	Primary Prefix	Oil Change Kit Recommended Option 1	Oil Change Kit Recommended Option 2
 6EK-W006A-00-00	F115LB	In-Line Four 1.8L	6EKL	LUB-MRNMD-KT-11-00 (10W-30)	LUB-MRNMD-KT-21-00 (20W-40)
	F115XB	In-Line Four 1.8L	6EKX	LUB-MRNMD-KT-11-00 (10W-30)	LUB-MRNMD-KT-21-00 (20W-40)
	LF115XB	In-Line Four 1.8L	6ELX	LUB-MRNMD-KT-11-00 (10W-30)	LUB-MRNMD-KT-21-00 (20W-40)
	VF115LA	V MAX SHO 1.8L	6FNL	LUB-MRNMD-KT-11-00 (10W-30)	LUB-MRNMD-KT-21-00 (20W-40)
	VF115XA	V MAX SHO 1.8L	6FNX	LUB-MRNMD-KT-11-00 (10W-30)	LUB-MRNMD-KT-21-00 (20W-40)
 63P-W006A-00-00	F150LB	In-Line Four 2.7L	63PL	LUB-MRNMR-KT-10-00 (10W-30)	LUB-MRNMR-KT-20-00 (20W-40)
	F150XB	In-Line Four 2.7L	63PX	LUB-MRNMR-KT-10-00 (10W-30)	LUB-MRNMR-KT-20-00 (20W-40)
	LF150XB	In-Line Four 2.7L	64PX	LUB-MRNMR-KT-10-00 (10W-30)	LUB-MRNMR-KT-20-00 (20W-40)
 6DA-W006A-00-00	F150LCA	In-Line Four 2.8L	6HPL	LUB-MRNMR-KT-10-00 (10W-30)	LUB-MRNMR-KT-20-00 (20W-40)
	F150XCA	In-Line Four 2.8L	6HPX	LUB-MRNMR-KT-10-00 (10W-30)	LUB-MRNMR-KT-20-00 (20W-40)
	LF150XCA	In-Line Four 2.8L	6HRX	LUB-MRNMR-KT-10-00 (10W-30)	LUB-MRNMR-KT-20-00 (20W-40)
	F150XSA	In-Line Four 2.8L	6LMX	LUB-MRNMR-KT-10-00 (10W-30)	LUB-MRNMR-KT-20-00 (20W-40)
	LF150XSA	In-Line Four 2.8L	6LNK	LUB-MRNMR-KT-10-00 (10W-30)	LUB-MRNMR-KT-20-00 (20W-40)

*In case of inquiry, please refer to Owner's Manual for maintenance schedule.					

Maintenance Kit Components

Each kit includes all the hardware to replace the external anodes, fuel filter and gasket, hardware to swap out the water pump impeller, thermostat, and coordinating gaskets, as well as spark plugs for the outboard. These kits were designed for our customers to use every 100 hours or each year—whichever comes first. Bear in mind, that these kits are not merely a replacement for our trustworthy oil change kits, but used in addition to the oil change kit, gear lube, and lower unit pump. Ordering all these parts will help ensure coverage for a full service at a dealership or in the comfort of the customer's driveway.

What Is the Application?

No matter if you are at a dealership streamlining your order fulfillment, a Do-It-Yourself (DIY) owner looking to maintain their outboard, or on a dinghy servicing a

boat in-water at a Marina, these kits bridge the gap by providing the replacement components needed for success. Not only do you have everything you need to service the internal parts of the engine at this given service interval, but it is also accomplishing this at discounted rate from the cost of buying all the parts individually. This is a win-win not only for Yamaha, but the consumer as well.

Introducing reliable products to the marketplace such as our outboards and providing the necessary parts, such as these maintenance kits, will provide a better overall customer experience on the water. Many thanks to the men and women at the Yamaha Global Parts Center who have made this idea a reality for us. We look forward to serving our customers by providing the best parts and service each and every day.
